

RAAA Adult Volunteer Application

In order to preserve the safety and well being of youth participating in youth sport programs offered by Rosemount Area Athletic Association (RAAA), background checks are mandatory for all head coaches, assistant coaches, program directors and any individual who may be alone with youth.

Rosemount Area Athletic Association uses athletechs.com to manage our background check process.

You may complete your background check by visiting the following URL:

<https://www.athletechs.com/athletechs/backgroundCheckApplication.seam>

athletechs take data privacy very seriously. They encrypt all personally identifiable information (PII). athletechs take the following measures:

- 1) athletechs requires SSL encryption from the browser to their servers
- 2) athletechs uses SSL between their servers and the reporting agency.
- 3) Once the information is passed to the reporting agency – athletechs deletes the majority of PII. They keep the candidate's last name, first name and last four digits of the SSN on their server for reporting purposes. This information is encrypted while it is stored on their system.
- 4) The reporting agency assigns a "candidate id" to the background check application. All further communication with the reporting agency and RAAA uses this candidate id.
- 5) The RAAA Risk Administrator uses a secure login and website to review the results of the background checks.
